DELPHINIUM HYBRIDS

● We have what we believe an unusual strain of Delphiniums, ranging from light to dark blue, with a blending of colors which is hard to describe. Individual petals measuring as much as $2\frac{1}{2}$ inches in diameter, borne on flower trusses 2 - 3 feet long. The plants standing from 4 - 5 feet high. These Aristocrats of the Delphinium family we offer at 50 cents each or \$5 per dozen, \$35 per 100.

● We also carry a fine selection of evergreens and render a complete landscape service.

● We invite you to visit our nursery, which is located on Monmouth Road between Eatontown and West Long Branch, and select your roses from thousands blooming in the field, any time from June until October.
